

SUNSET PARK

On the condition that it would forever remain a public park, Mr. and Mrs. C. F. York sold 25.8 acres of land for \$100 in 1918. Developed in 1935, it has been landscaped over the years to foster Sunset Park's beauty. A waterfall into a gentle flowing stream and glistening ponds creates a tranquil setting with flowing fountains and blooming floral gardens making Sunset one of Salina's premier parks. A wide range of outdoor activities are available with two picnic shelters, a gazebo, three lighted tennis courts, basketball court and twenty horseshoe pits. A large playground offers a variety of safe equipment for children to enjoy. Also, two baseball/softball diamonds and Earl Bondy Field host many league and tournament games.
